

JIM dome,
Design by Patrick Norguet

Model JIM dome

Immediate function, uncomplicated style, durable materials, modular at will. Inspired by the abat-jours of the ateliers of the early 1900s, JIM is a system of suspension lamps with distinctive shapes and a versatile composition that suits any interiors and living environment. JIM's versatility is further enhanced by the colour range: the four different finishes for the shades can be combined with the three different suspension hook hues as desired.
