

## NUMINOS® M

### white front ring

Do you want to put together individual solutions from a variety of downlights, wattages, luminous intensities and colours, semi-diffuse angles and other features? And with a uniform lighting and design concept? The NUMINOS® lighting system, which can be freely configured and combined, offers over a thousand possibilities. Like this white decorative ring for attachment to NUMINOS® M lights. When will you choose SLV's modular variety?
