

BIG THEO CEILING

outdoor ceiling light, LED, 3000K, anthracite

The BIG THEO CEILING LED ceiling light is made of aluminium and glass. Thanks to the position of the built-in sockets, the installed luminaire produces a wide radiating cone of light. It is suitable for use outdoors thanks to its IP44 protection class. Thanks to the built-in LED driver, the electrical connection of the luminaire, which comes in several colour versions, is made directly to the 230V mains supply. In addition, the BIG THEO series includes wall and ceiling lights and is therefore universally deployable. This luminaire includes built-in LED lamps.
